

# Environmental Health Trust & Wyoming Stargazing

invite you to join an early evening discussion

**Why Dark Skies at Night Are Good For You and the Planet**

SAMUEL SINGER, PHD

**Samuel Singer, PhD**

FOUNDER & EXECUTIVE DIRECTOR,  
WYOMING STARGAZING

Samuel began his love of the universe at Hampshire College where he got a B.A. in Physics and Astronomy and built Dobsonian telescopes. He earned his Masters in Natural Science–Environment and Natural Resources at the University of Wyoming during which he built a small observatory for the Teton Science Schools in Jackson Hole. He completed his PhD in Science Education from the University of Wyoming focused on spirituality in outdoor environmental education.

**The Science of Sleeping in the Dark: Proven Formulas for Better Rest**

DEVRA DAVIS, PHD, MPH

**Devra L. Davis, PhD, MPH**

PRESIDENT,  
ENVIRONMENTAL HEALTH TRUST

Dr. Devra Davis is an award-winning scientist and writer. Davis was a founding director of the Board on Environmental Studies and Toxicology of the U.S. National Research Council, National Academy of Sciences, and has worked on numerous environmental exposures, from chemicals to lead to air pollution. She was a lead author on the Intergovernmental Panel on Climate Change, and part of the team of scientists awarded the Nobel Peace Prize along with Al Gore.

**Legal & Legislative Challenges in Protecting the Night Sky**

JOHN BARENTINE, PHD

JOINING VIA ZOOM

**John Barentine, PhD**

PRINCIPAL CONSULTANT,  
DARK SKY CONSULTING, LLC

John grew up in Phoenix and was involved in amateur astronomy there from grade school. Later, he attended the University of Arizona, beginning research in jobs at the National Optical Astronomy Observatories and National Solar Observatory headquarters in Tucson. He obtained a master's degree in physics at Colorado State University and a master's and Ph.D. in astronomy at the University of Texas at Austin. Throughout his career, he has been involved in education and outreach efforts to help increase the public understanding of science.
