This insurance does not apply to any liability, damages, loss, injury, demand, claim or "suit" that arises out of, or allegedly arises out of, exposure to or the presence of "electromagnetic fields and/or electromagnetic radiation" whether such "pollutant" is alone or combined with any other substances or factors, whether included in a product or otherwise. This exclusion applies regardless of whether such exposure occurs within or outside a building.

Without limiting or expanding the term "pollutants" as used in any policy issued by us, the following sentence is included in the definition of "pollutants":

"Pollutants" include, but are not limited to, "electromagnetic fields and/or electromagnetic radiation".

"Electromagnetic radiation" includes, but is not limited to magnetic energy, waves, fields or forces generated, produced, distributed, transmitted or maintained by the charges, currents, frequencies, energy or forces of electricity that are generated, flow or otherwise transmitted through or via the medium, methods and equipment that generate, produce, distribute, transport, transmit or store the electrical charges, currents, frequencies, energy or forces.

This exclusion applies whether or not such "pollutants" have any function in your business, operations, premises, site or location.
