Marlene H. Dortch
Federal Communication Commission
Office of the Secretary
45 L Street NE
Washington, DC 20554

Dear Secretary Dortch,

I respectfully request your attention concerning an issue that has been brought to me by a constituent. There is growing apprehension that FCC agency rules and regulations regarding radiofrequency emissions are outdated. Several constituents voiced concerns that human exposure limits regarding radiofrequency have not been updated since 1996. The ubiquity of cell towers and the associated levels of electromagnetic field (EMF) exposure in my district has caused trepidation over the safety and well-being of residents in District 45.

As the FCC reviews its agency rules and regulations, please consider these concerns, and re-evaluate the rules referencing radiofrequency. Thank you for your attention to this matter. If you have any questions, please do not hesitate to contact my office.

Respectfully,
