Environmental Health Trust Workshop

HOW TO REDUCE EMFS

Learn how to reduce your daily dose of EMFs with simple steps. Master the art of prevention.

FEBRUARY 13 | 6:30-9 PM
POTOMAC COMMUNITY CENTER

11315 Falls Rd, Potomac

National Institutes of Health scientists officially state that they themselves reduce cell phone radiation. In this FREE workshop you will learn simple steps to safe technology. Solutions exist to stay fully connected in the 21st century, *while also* reducing EMF exposure to yourself, your family and your pets- from cell phones to laptops to charging electronics.

SOURCES OF EMFS IN OUR LIFE

5G and Cell Towers, Cell Phones, Wi-Fi, Electronics, Phone Chargers, Siri Speakers, Appliances, Smartmeters, Smart Hubs, Baby Monitors and More...
