Urgent: Call On California Governor Jerry Brown To Veto SB649: Legislation Allowing Mini Cell Towers In Neighborhoods

If signed into law, this legislation will let telecommunication companies build so-called small cell 5G wireless networks near homes, schools and hospitals, even if local governments don't give permission. California's bill is one of dozens moving forward nationwide. No matter what state you live in, this issue affects you. Go to **Noon649.org** for 4 ways to contact Gov. Brown. And check out these EHT resources:
